

Ehtisham Shah

Web Developer

About Me

I am Syed Ehtisham Shah, a motivated individual born in Karachi. I completed my intermediate education from Government College of Commerce and Economics. Currently, I am dedicatedly pursuing a diploma in information technology, aiming to expand my knowledge and skills in this field. With a strong educational background in commerce and economics, coupled with my current focus on technology, I am eager to embark on new challenges and opportunities to grow both personally and professionally.
